

Oleksandr Zaplavskyi

Software Developer

Profile

Experienced Web Developer with a strong background in both **front-end** and **back-end development**, complemented by DevOps expertise. Proficient in a wide range of technologies, including **JavaScript, TypeScript, React, HTML, CSS, Node.js, SQL (PostgreSQL, MySQL), NoSQL databases (Firebase), Webpack/Gulp, Three.js**, and testing frameworks like **Jest and Mocha**. Skilled in version control with **Git** and dedicated to building robust, efficient web applications.

Previously served as the primary **SysAdmin** at Eurocredit (Nadra Bank branch) in Lviv and the Lviv region, playing a key role in maintaining **high-performance systems and networks**.

Beyond technical expertise, I bring ten years of entrepreneurial experience in the United Kingdom, where I successfully founded and **managed businesses—demonstrating leadership, adaptability, and problem-solving skills**.
